

FAASTeam presents:

FAASTeam Flight Instructor Open Forum

FAASafety Flight Instructor Open Forums provide an opportunity for Flight Instructors, Ground Instructors, Designated Pilot Examiners, and the FAA Safety Team (FAASafety) to meet and discuss one or more of the Top 10 Causal Factors in General Aviation Accidents at each of the Open Forums.

We will briefly describe the FAA Wings Program with a focus on the CFI's role. We will elaborate on the benefits of participation followed by an open forum discussion on how CFIs can plan and conduct effective Wings flights. We are looking forward to ideas and feedback on how to make the program more attractive to your clients. Following the Wings presentation we will have an open forum discussion with DPE Vince Nastro.

Directions: Take the Airway Blvd exit from I-580 and proceed south into the Livermore Airport. Ahart Aviation is approximately a 1/2 mile east of the terminal and has parking in front of their building. Fly in participants should park in transient parking and Ahart is a short walk down the ramp to the east.

A message from the National FAASafety Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
